Dear Senator Harrington, Representative Iler, and Representative Torbett:

The North Carolina Department of Transportation submits the following Formula Implementation Report as outlined in North Carolina's new Strategic Transportation Investments law signed by Governor McCrory on June 26, 2013.

The attached report contains the Department's recommended criteria, formulas, and percent weights to evaluate and score highway and non-highway transportation projects within the Department's strategic prioritization process. The report also provides an overview of the process used to determine these recommendations including a list of the external partners consulted and feedback provided by the Prioritization 3.0 workgroup.

Thank you for your review of this report and the upcoming opportunity to present the Department's recommendations at a future meeting of the Joint Legislative Transportation Oversight Committee.

Sincerely,

A handwritten signature in black ink, appearing to read "AJT/Tata".
